

It is with great excitement that I announce Larry Parrotte as our new Chief Operating Officer.

Larry joins TFI after six years of owning and running his own Management Recruiters International operation. Prior to MRI, Larry was with AHL Services, Inc. as a District Manager, Regional Vice President and then a Senior Vice President. AHL Services was an outsourcing and contract staffing company with revenues greater than 800 million.

I have asked Larry to lead the management team as we push aggressively onward to being the highest quality valued added staffing company in our industry. Larry brings expertise in growing a company to its next level as well as integrating acquisitions.

Please join me in welcoming Larry Parrotte to our team.

David Broome
President & CEO
TransForce, Inc.
