

September 20, 2010

Dear TransForce Drivers,

Thank you for your service to TransForce and to our customers. **National Truck Driver Appreciation Week** is celebrated from September 19th to 25th. This is a wonderful opportunity to reflect on the critical role that truck drivers play in our national economy. Truck drivers deliver over 70% of the freight that is shipped in the USA, making it an excellent career choice with diverse work environments. We appreciate the excellent customer service that you provide to our customers every day and we strive to make available to you a variety of rewarding assignments.

We believe that safety is an integral part of the service that we provide. When we speak about safety, we are referring to both safe driving and to safe practices when your trucks are parked. Both your personal safety and the safety of the traveling public are very important to us. Safety is a shared responsibility among TransForce, our drivers and our customers. We foster a 'culture of safety' by providing training and reminders to practice safe behaviors. We ask you to help us by providing your ideas about how to improve safety (Call our Risk Manager, Torquka Johnson-Haggerty at 1-800-308-6989). In fact, we are offering \$100 gift cards to the five drivers who provide the best ideas to help us promote safety. Contest details are in the September edition of **In the Safety Zone** (mailed separately to your home addresses). The most important benefit that we can provide to you is a safe working environment. Help us to help you.

We appreciate your safe and professional service during the past year. Please remember to wear your seat belts and be careful out there!

Sincerely,

David Broome
