TransForce moves into new corporate office in Alexandria, Virginia

SPRINGFIELD, Va. – October 25, 2011 - TransForce Inc., the nation’s leading driver staffing firm, is pleased to announce the expansion of its corporate office in Alexandria, Virginia. TransForce has been based in northern Virginia for most of its twenty-year existence, but this is the first corporate office that has been custom-designed to meet its needs. The new office features an open environment filled with natural light and it is designed to encourage collaboration and cross-functional teamwork.

TransForce corporate headquarters

David Broome, President and CEO of TransForce says “TransForce has been headquartered in several offices in the past twenty years, but this is the first corporate suite designed expressly for us. Not only does the environment foster team-building, but we believe it will result in a greater sense of connection among all our staff, both in our corporate office and in our many branch offices.”

Commenting on the move, Howard Fowler, SVP & CFO, says “Office design impacts performance and we are pleased to custom design our new office to foster efficient work flows and collaboration.”

TransForce has grown from its original three offices in 1991 to its present 34-office network through a very deliberate approach based on customer service.
